

Humans Coexisted with Dinosaurs

March 26, 2014

Genesis 1:20-25

- What does this passage tell us?
- One of the Greatest Arguments of Evolutionists against the Bible is that Man and Dinosaur did not live at the same time

What Evidence Do We Have In The Bible

- Job 40:15-24
 - Feeds on grass
 - Strong Loins and belly
 - Tail sways like a cedar
 - Muscles in his thighs are very strong
 - Bones are like tubes of bronze, and limbs like rods of iron
- In the footnotes of your Bible it says either an Elephant or Hippopotamus

Cedar of Lebanon

Either of These Look Like A Cedar Tree

Hippopotamus Tail

Elephant Tail

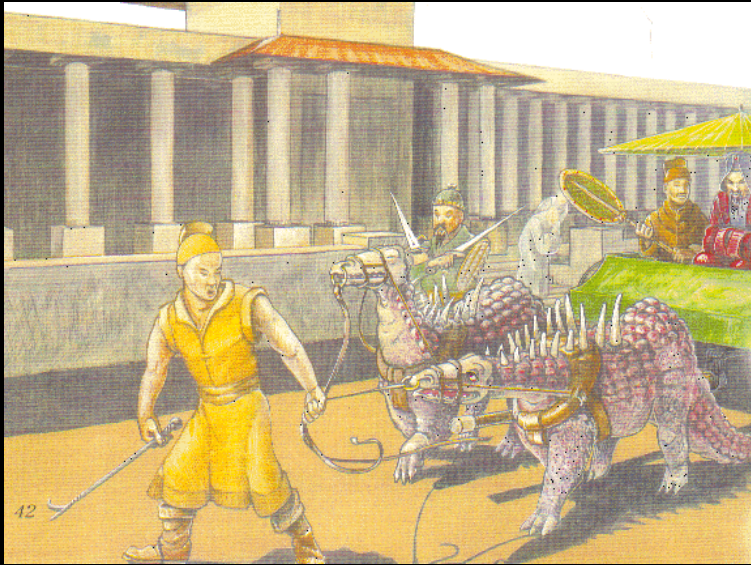

Brachiosaurus

What About Dinosaurs in
History?

Dinosaur References

- What were Dinosaurs called before 1841
- Oftentimes Dragons match the description of Dinosaurs
- A lot of stories and legends mentioning Dragons may be talking about Dinosaurs

Dinosaur References

- Marco Polo during his 17 years in China in the year 1217 described Dragons pulling the royal chariot in parades
- In 1572 an Italian peasant killed a Dragon that was bothering his cows

Picture from "The Great Dinosaur Mystery" by Paul Taylor

What Archaeological Evidence Do
We Have That Has Man and
Dinosaurs Coexisting

Willet Print

- Cretaceous Rock laid down 110 million years ago
- Contains both a Human and Pterodactyl footprint
- Both prints have been authenticated with a Spiral CAT Scan

Man-Made Cup in Pennsylvania Coal

- This iron Pot was found in Pennsylvania Coal which is assigned an age of
- 395 Million Years Old
- Evolutionists say it takes Coal over 50 Million Years to form
- Argon National Laboratory made coal in about an hour

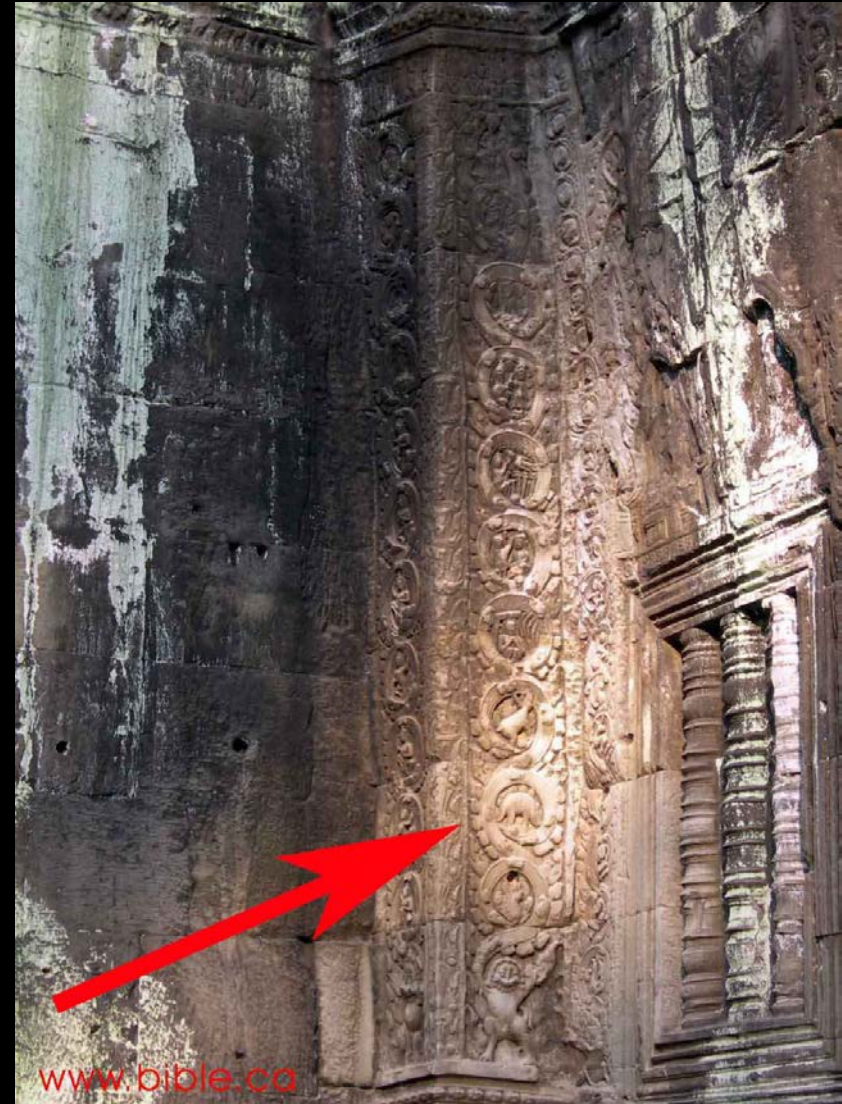

The Nile Mosaic of Palestrina

- C. 150 BC
- Created by Egyptians living in Palestrina, Italy during the Roman Empire

Ta Prohm Temple near Angkor Wat in Cambodia

Biologist Mary Schweitzer discovered this soft tissue in 1997 when it was necessary to break a T. Rex's huge thigh bone for transport.

Soft tissue, liquid blood and intact DNA!

Plesiosaur Found on April 25th, 1977

- Found off Coast of New Zealand's South Island
- Reportedly weighed 1800 KG (4000 LB) and was 10 meters long (32 feet)
- Capt. Akira Tanaka ordered that it be returned to the ocean

In Conclusion

- We are living in a world that is the design of a divine and loving God
- Dinosaurs and Man did coexist
- We live in a world that is much younger than what evolutionists want us to believe
- **So where do you stand
Creation or Evolution**
