

KNOWING JESUS THE LIGHT OF THE WORLD

JOHN 9:1-7, 35-41

I. The light of the world did not apply blame for our problems (John 9:1-3).

- **Why are we so quick to blame ourselves for sickness and other problems we face?**
- **What is wrong with blaming God, ourselves or others for our problems?**

II. The light of the world was aware of physical limitations (v.4-5).

- When does night come so that no man can work?
- How long was Jesus going to be the light of the world?

III. The light of the world spit on the ground and put the mud on the man's eyes (v.6).

- **Why would the light of the world do something so seemingly base?**
- **How closely do we need to be associated with Jesus?**

IV. The light of the world demanded responsibility from others (v.7).

- How much responsibility was required of this blind man to go and wash?
- How much responsibility is required of us to die to our old lives and live anew?

V. The light of the world is primarily concerned with spiritual sight (v.35-41).

- What spiritual sight did Jesus offer the healed man?
- What spiritual sight did the Pharisees claim?
- What spiritual sight do we need?

Call to Action: To respond to the light of the world in ways that allow Him to continue to shed His light through us.

- Have we allowed the “light of the world” to bless us with the sight we need?
- Do we also realize that we still suffer from some blindness?
- How are we allowing Christ to bless those around us with sight?

-How can we help?
