

IT IS TIME!

DEUTERONOMY 2

**I. After years of wandering
in the wilderness, it was
finally time
(Deuteronomy 2:2).**

- What is wrong with continuing to wander when your task has not yet been done?
- What will help us to transition from wandering to conquering?

II. During a generation of wandering, God had been with them (v.7).

- How had God been providing for them and blessing them. **(29:5)**
- What has God accomplished in our lives during our wandering? **(James 1:2-4)**

III. There were some territories they were not to take (v.9-23).

- When God has reasons that some are not to be conquered, what should be done?
- When we see that God is not blessing some actions, what should we do?

(Luke 9:5)

IV. There were other people God had given to them (v.24).

- What purpose did God have for their lives?
- What purpose does God have for our lives?
(Revelation 22:17)

V. No foe is too strong for God's people (v.32-33, 36).

- What reasons did they have for their confidence in victory?
- What reasons do we have for our confidence in our victory?
(Habakkuk 2:14: II Corinthians 10:3-5)

Call to Action: To stop wandering and instead call others to come and see.

- Have you been living for Christ with purpose?
- What changes will come when you stop wandering?
- How have failures in outreach affected you?
- How will successes in outreach affect you?
- How confident are you in the task God has given you?

-How can we help?
