

**WHAT WILL  
YOU TELL  
YOUR  
GRAND-  
CHILDREN?**

**I SAMUEL 24**

I. David could later tell how 3,000 of the best troops chased him (**I Samuel 24:1-2**).

- If you are not busy working for the kingdom, what message will you share?
- Why is it important to share about opposition and obstacles you have faced?

## II. David had opportunity to easily rid himself of his enemy (I Samuel 24:3-4).

- What happens when you try to fix your problem with a failure of virtue?
- What story do you share with your grandchildren when you have failed in virtue?

### III. David motivated his men not to practice vengeance (I Samuel 24:5-7).

- What would the men have done if they had not seen genuine remorse in David?
- How important is genuine remorse in our lives?

**IV. David boldly spoke to  
the one who was trying to  
destroy him  
(I Samuel 24:8-15).**

- How did David's virtue protect him from Saul's men?
- How much better message does David have to share with his grandchildren?

# V. His enemy had to admit that David had chosen the honorable course (v.16-21).

- How does virtue positively affect even those who are unvirtuous?
- How is virtue better than a quick fix that is not honorable?
- What story do you want to be told about your life?

# **Call to Action: To choose virtue for the sake of the story of your life.**

- Does your story include any opposition of your ministry?
- What happens to our story when we choose the easy way over the right way?
- How is your genuine life motivating others?
- How do you want your story to be told?
- Are you living so that even your enemies admit your virtue?

**-How can we help?**
