

WE ARE BUILDING A TEMPLE FOR THE LORD

I CHRONICLES 29:1-19

I. David was preparing so that the next generation could build the temple (I Chronicles 29:1-5).

- Why would David want to give over \$34 B in gold for the temple?
- What are we doing to help the next generation build God's house?

II. David's devotion motivated others to provide even more for the temple (v.6-9).

- **How did David's 110-ton gift motivate the leaders to give 190 tons of gold?**
- **How are others to be motivated by our giving of time and of finances?**

III. David understood the true nature of giving (I Chronicles 29:10-17).

- How does genuine praise motivate giving and devotion?
- How does it help to see God as the source of all that we give?
- How can we develop a heart that will rejoice when others give to God?

IV. David prayed for the next generation to have wholehearted devotion (I Chronicles 29:18-19).

- What prayers do we need to be praying for the next generation?
- Why is this prayer so central to the building of God's house?

**V. There is a greater temple built by this and following generations
(I Peter 2:4-5).**

- How do we as living stones need to come near to Jesus?
- What do we need to be doing and praying to help this work for generations?

Call to Action: To give and pray so that generations will build God's house.

- What do I need to be giving so the children can build up God's house?
- How can I persuade others to be devoted to building up God's house?
- How is my habit of praise making me stronger?
- What is your prayer for the next generation?
- As living stones, how are we coming near to Christ?

-How can we help?
